SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the chemists better than we could do it ourselves, and all we have to do is to call for the ready made product, Wyeths' Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old

# Monday and All This Week

Monday we hold our Formal Opening of Toy and Fairyland for the little ones. But of course the big children can come, too, for they will find lots to interest them. Toyland is where Santa Claus has his toys and where the little boys and girls come and pick out what they want Santy to bring to them. Fairyland is where all the little fairy dolls live and where the little girls come and see and select which one they want dear old Santy to bring to them. Santa Claus will be in our window on Fourth street during the afternoon and all the little girls and boys may come down and see him. Bring the children down to see Toyland and Fairyland, first floor, left isle.

## 8% Stock and 4% Convetible Bonds of American Telepione and Telegraph Company

The most astonishing growth of the Bell Telephone syste dates from the uniting of the various operating Bell companies the United States and Canada, in 1900, under the majority ock ownership and virtual control of the American Telepho & Telegraph Company. Since 1885 this Company has owned and the control of the American Telepho & Telegraph Company. operated the long distance and toll lines which connected e Bell companies. In 1900 it acquired these companies the selves, since when the number of telephones connected to a system have multiplied over seven times—numbering, Jan. 1909, 4,364,629. This astounding growth is equally a test monial to the convenience and indispensability of the service and the skilful and resourceful management of the Company.

## The Dependable Character of Both the Stock and the Bonds

as an investment is further indicated by these facts: -Even during the acute business depression of 1908, the number of teleones added to the Bell system increased 17%. Not less than 1/2% dividends have been paid in any one of the past 27 years-8% for the past 3 years. In no single year since it acquired the Bell companies, has the Company earned less than three times its fixed charges. The policy of issuing new stock to its stock-holders at par, so valuable in the past, promises even greater future value. We recommend these securities for investment and solicit orders for their purchase. Small orders given equal attention with larger.

Shop Where Your Money Goes Farthest

Everybody wants to get the most possible for their money. And getting the most for your money is very largely a matter of going where there is the greatest possibility of choice in the article you want to buy.

Now, Paducah is the natural shopping place for everyone of you who are reading this paper. Greater stocks are carried by Paducah merchants than in any city 165 miles of you. These big stocks mean huge-quantity buying, with its resulting saving. The immense combined purchases of all the 100,000 people who always shop here means that Paducah merchants can make money on tiny profits which would starve the ordinary small-town merchant. That's why it is money in your pocket to

## Come to Paducah to Buy

In these busy days just before Christmas, people want a thousand and one trifling things which they think it would not justify them to come here to buy, even though they get their railroad fare handed back to them. Thousands of your neighbors are taking advantage of the money-saving special sales which Paducah merchants advertise, however, without stirring outside their homes—they LET "UNCLE SAM" SHOP for them.

Mail customers of Paducah stores are treated precisely as are buyers who come to the stores; if things are not right, if there is any legitimate cause for complaint, it is MADE right at once or money is refunded without a question.

## Why Don't You Shop by Mail?

Read the announcements of Paducah merchants and see for yourself how many undreamed of dollars you can keep in your purse by shopping in these big, fine stores where beautiful stocks of the newest merchandise is always carried in stock and sold at prices which will COMPEL the interest of people who value a dollar saved as much as a dollar made.

## Christmas Goods Are Being Shown Now in Tempting Variety

Its the part of the big merchant to scour the markets of the world and have just the proper thing for each occasion and, for this Christmas, Paducah merchants have succeeded wonderfully well. Never have more beautiful gift-things been offered you—and the prices are actually surprising, they are so reasonable. There is not a member of the family for whom you couldn't select a gift at any price you could imagine.

Most folks are not so fortunate as to KNOW just what they want to buy for their friends at Christmas time, however, and to these we say, by all means take advantage of the liberality of Paducah merchants and come here in person. IT WON'T COST YOU A PENNY, so far as your railroad or boat fare is concerned, for these merchants have an association which enables the m to pay your way to Paducah and back when you desire to buy a sufficient quantity of goods. Its surprising, but true, that

## Paducah Merchants Pay Your Way to Paducah and Home Again

All you have to do to get advantage of this liberal offer is to buy a round trip ticket when you come and, when you go to the first Paducah store in which you wish to make a purchase, just say, first thing,

## "Give Me a Rebate Blank"

In this rebate blank the merchant enters the amount of your purchase at his store; the next merchant does likewise and so on until you are ready to go back home, having bought all you desired; then you take that blank, with your return ticket, and present it to D. E. Wilson, Secretary of the Association, whose store is at 313 Broadway, and if you have bought the required amount of goods, he hands you back the actual cash to pay for your railroad or boat fare. If you have NOT bought enough to entitle you to the full fare, you will get back a certain part of the money which you have spent—enough to make it well worth your while to have come here to shop.

## Come to Paducah This Christmas --- Come Soon

The early shopper, like the early bird, always has a worth-while advantage in the completeness of stocks and, in many instances, low prices. Merchants are frequently able to pick up comparatively small lots of extra good things and, because the lots are small and to induce early shopping, sell them at exceedingly low prices.

## HEALS OLD SORES

Every old sore is an external symptom of a depraved or polluted condition of the blood. These festering places on the flesh are kept open and in a state of irritation because the circulation is continually discharging into them the impurities and morbid matters with which it is filled. This polluted condition of the blood may be the remains of some constitutional trouble; the effect of a long spell of sickness, which has left the blood stream weak and germ-infected, or because the natural refuse of the body, which should pass off through the proper avenues, has not all been eliminated and has been absorbed into the circulation. External treatment may cause the place to scab over temporarily, but the blood is not made any purer by such treatment, and soon the sore will return or break out at another place and be as bad or worse than before. S.S.S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely changes the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S.S. heals the sore from the bottom, the skin regains its natural color, and when S.S.S. has thoroughly cleaned and purified the blood the place is permanently healed. Mrs. Neighbor-"Won't you please tell me, Anty Drudge, how you keep your curtains so snowy white? are supposed to be white though I suppose you think like everybody else that they're ecru.

Anty Drudge-"Why, certainly, Mrs. Neighbor. It's the easiest thing in the world. I wash them myself with Fels-Naptha soap in lukewarm water. Fels-Naptha makes them white and that kind of washing doesn't wear them out nearly so fast.'

Leaning over a steaming washtub is a fine way to ruin the complexion. Heat and steam redden and inflame the face. Then a touch of cold air will roughen and chap the skin.

That is one of the many reasons why thinking women prefer to wash clothes with Fels-Naptha soap in lukewarm water.

It saves the hands and face from harm.

It saves the danger of taking cold in Winter, because you don't need to have your kitchen or laundry full of steam like a Turkish bath.

It saves fuel; you don't need an overhot fire.

It saves the clothes, because there is no boiling to weaken them and no hard-rubbing to wear them into holes before their time.

Isn't all that worth while?

Yes, you'll say, if it will make the clothes clean.

Just try it. They'll be cleaner, sweeter, whiter than you could get them any other way. And Fels-Naptha is just as effective with flannels, woolens, colored clothes.

Be sure to get the genuine Fels-Naptha and follow directions on the red and green

## To Be Forehanded is the Part of Wisdom

Purchasing Christmas gifts early is being forehanded. The early buyer escapes the rush and worry of shopping amidst crowds and confusion, and approaches the glad Ynletide with serenity and peace of mind.

Purchasing early gives you better advantages in buying. You make your selections from a complete new stock and have time and opportunity for thought and careful examination. There is also a price advantage in early purchasing.

I have already done my Christmas buying and the goods are now ready for your inspection. You will find among the many good things for Christmas here a pleasing gift for everyone to whom you intend to give Gifts really worthy of the Christmas spirit, at prices well within your

# MONEY IS GONE

POLICE DO NOT BELIEVE HE LOST IT IN SPECULATION.

Daily New Names to Be Linked to Defalcation Appear—Grand Jury Will Resume.

WARRINER'S STORY DOUBTED

Cincinnati, Dec. 4 .-- More than alf of the \$643,000 which Charles L. Warriner, former local treasurer of the Big Four railroad, admits to have stolen from the railroad, canot be accounted for. The indicted treasurer has furnished a statement, which acounts for \$318,000, of which he says \$84,000 was paid in blackmail, and claims that the balance of \$325,000 was lost in speculation. The inquiries of the railroad officials, detectives and lawyers have completely failed, however, to substantiate this explanation.

Acording to Warriner, he carried his stock market operation through the New York brokerage firm of Henry Clews & Co., but an examination of the books of that concern, it is said, show that in the entire course of his transactions with them he could not have lost nore than \$17,000.

With every succeeding day the mystery which surrounds the gigantic defalcation deepens, and daily rumor supplies new names to be linked with the great theft. But the question which still perplexes the railroad officials is:

Informer Expects Reward "What become of the money?" The grand jury will resume its nquiry into the case tomorrow, and subpoenae has been issued for Frank M. Couden, the federal official, who claims to have given the New York Central authorities their first intimation of the embezzlement. incidentally, Mr. Couden declared tocured of catarrh of the head of two day that the sole motive for his action was "commercial." He claims to have been promised a reward

which he has not yet received. Mr. Couden would not say what mount he expected to receive as reward for his information. He de clared that the matter was in the avenue.
